

Jumbo Sidecar Run for Special Needs & Complex Needs children
Quality Hotel, Clonakilty
Saturday 17th September
11am

Jumbo Ireland together with CoAction and the West Cork Child Development Service will provide a day of fun for very special children in the Clonakilty area while raising much needed funds for CoAction.

We intend to give the children a spin in a motorbike sidecar and bring them from Clonakilty via Courtmacsherry to the West Cork Secret near Timoleague. At the West Cork Secret there will be games, slides, bouncy castles, pizza, barbeque and drinks.

We are hoping for between thirty and forty sidecars to come to Clonakilty from all over the country including the North of Ireland and the UK. The bike run is scheduled to leave the **Quality Hotel on Saturday 17th September at 11am.**

The run will be marshalled by twelve people on motor bikes. Parents or guardians of the children can travel with the child either as a pillion passenger on the back of the bike or if the child is young the parent could travel in the sidecar with them. A coach will be provided for any parent or guardian that does not want to travel on the motorbikes.

Depending on the weather the route may be extended on the return journey to take in the beautiful Inchydoney Island.

To complete the day for the children we will have further entertainment and food at our final destination - the Quality Hotel, Clonakilty.

All support would be much appreciated to cheer on the kids as they leave the Quality Hotel, travel through Clonakilty town and later when they return to the hotel.

If anybody is interested in helping us organise the event or helping out on the day please contact us as we would greatly appreciate it.
